

October 28th Newsletter

News!

We have been reviewing our alphabet, colors, shapes and numbers during circle time. The children are having so much fun with the new additions to our circle-time: Special jobs and a feeling chart where we express 'how we are feeling today?'. We are now learning the letter D and will be moving on to letter E next week. We also will be discussing transportation next week. We are looking forward to teaching the children new songs and learning new words.

We have spent this past week learning about Noah's Ark. We have talked about different animals and their sounds. The children were also able to practice their color recognition, when we spoke about the rainbow. We have finished with the letter Aleph and we'll be starting the letter Bet next week.

Important Dates:

- 11-16- Parent Teacher Conferences*
- 11-21- Picture Day (was originally scheduled for 11/22)
- 11/24-11/25 NO SCHOOL- Thanksgiving

*Details to follow

Teacher's Corner:

With all the holidays over, we are falling back into our normal routine. We are continuing to be amazed at how quickly your children are catching on to all the new songs. We would like to take this time to thank you for sending in the Mitzvah Notes. The children really enjoy hearing about the mitzvot that they have done.

Special thanks to Morah Laura, who helps all the children and Morahs every day!

Reminders:

Mother nature has been very unpredictable lately so please bring in your child with a jacket or sweater.

Thank you,
Morahs Paola & Chana
